

**TULANE MEDICAL CENTER – TULANE LAKESIDE HOSPITAL**  
**POST OFFER OF EMPLOYMENT EMPLOYEE HEALTH SCREENING**  
**1415 Tulane Avenue**  
**Elks Building -- Third Floor**  
**New Orleans LA, 70112**

- You must provide proof of immunity to include **measles, mumps, rubella, chicken pox, and Hepatitis B**. The EH nurse will draw blood from you and the titer results will be mailed to you. The “titer” results will give you and the EH nurse information as to whether the vaccinations you received as a child or as an adult are still protecting you. You will be offered vaccinations based on these results at no cost to you.
- **Proof of Vaccination for tetanus, diphtheria, whooping cough, and flu must be provided**. If these are not up to date, these too will be offered at no cost to you.
- **Proof of TB testing** within the last 12 months and a TB test upon hire (done at orientation) are **required**. A second TB test will be required 2 weeks after your reading if you have never had TB testing, or if you cannot provide a current negative TB test result within the last 12 months.
- **If you have tested positive for TB in the past**, please provide a copy of your chest x-ray results. If you do not have access to these results, or cannot provide the results, a chest x-ray will be performed at no cost during orientation.
- If you test TB positive during your orientation, you will be referred to public health. **You may not work or come to the hospital** until public health has cleared you. Public health will give you a statement to provide the EH nurse prior to your return to work.
- If you have had **surgery or any injury** within the **last 5 years** on **any joint** (knees, elbows, hips, ankles, feet, wrists, fingers, hands, and shoulders), **back, and neck**, you are **required to provide a full duty release from your treating physician**.
- If you have had **abdominal or thoracic surgery** within the **last 2 years**, a full duty release will be **required**.
- Please provide information to the EH nurse if you have any allergies to latex, detergents, or any environmental products.
- Please bring a **picture ID**. This is **required** for the **urine drug screen** on all new employees.
